5 Ways to Park a Car - wikiHow

How to park a manual car? I always use both the handbrake and 1st gear to park but I'm not sure which one should take the weight of the car first. Should I put the car in 1st gear, then pull the parking brake last or should I pull the parking break first and then stick the car into gear? For example when on a hill I...

How to park a manual car? | Yahoo Answers

Emergency Brake - A manual transmission car does not have a parking gear like an automatic transmission car does. This means when you go to park your vehicle, you need to use the emergency parking brake. If you don't, then your car is simply going to roll away and that will cause all kinds of accidents and damages.
