### **Honda Aquatrax F 12x Owners**

The problems im having is my aquatrax isnt running worth a shit. I can do about 40 mph and then it starts running ruff and wont go any faster, and when its idling it doesnt sound right either and some times stalls. every now and then it will take right off and up to 65mph and then all of a sudden thats it??? And most of the time its running ruff right from the start,, its all over the place.
