I have a Honda GX390 engine with new carb and gaskets. But, not getting fuel to the engine. I can get engine started by putting fuel in the carb manually. All the obvious problems seem fine. ... read more

Honda gx390 will not start - JustAnswer

My machine has a Honda GX390 13-HP motor with a General 4040 direct drive pump. The pump and unloader probably have less than 100 hours on them. I am guessing the motor has around 500 +/- The motor has always ran great until the end of last year. It seems to hunt or surge when I release the trigger after spraying. You can hear it and watch the governor arm move back and forth.
