How to hard reset a HP Touchpad

I accidentally stumbled upon the force restart option for the Touchpad. I have not read about this anywhere else so I'm posting this. Last night my Touchpad stopped responding to anything (screen touches, button presses.) Without the option to remove the battery, I figured HP must have included a way to force restart by using physical buttons.

Force Restart Your Touchpad - webOS Nation Forums

Trigger a HP TouchPad restart. 1 Press and hold the power button. 2 While still holding down the power button, press and hold Center button until the HP logo appears (about 15 seconds). Why this might help A restart may be effective if the screen is off and you can't turn it on, or if the screen is on but doesn't respond to taps or other ...
