Note: Standard harness does not include VTEC wiring so if you are going to be wiring in VTEC your self or not using a VTEC motor select standard harness conversion. If you are running a VTEC engine & would like for us to add a VTEC sub-harness for you that can be done at an additional cost by selecting swap type below.

I am now looking to swap a new engine into it, as I love the 3g prelude. I was origionally looking to put in an h22 but Ive heard that this skews up the weight distribution ruining the car's awesome handling, not to mention it costs around 4k-4.5k and is a real headache to install. So I am now looking at alternative engines, and I am leaning ...
