This printer is in good condition. I have owned it from new and it has been used so has a few marks but nothing major. there are cartridges in the printer but they are a few months old and I haven't used the printer since the end of last year so they may need replacing and the printer head a clean through. in the photos i have included an image of a test sheet I printed today.

Computer Printers for sale | eBay

The following table summarizes the backends/drivers distributed with sane-backends-1.0.27, and the hardware or software they support. This is only a summary!
